Fiskdale, MA 01518

POLISH • THE GOLD

"I was scared of the high school and afraid I would get lost"

POLISH • THE GOLD

Opening

Tantasqua holds the memories that we will all look back upon to remember, and we have all contributed to those memories. Whether it be by cheering from the sidelines, participating in electives, or helping out after school, everyone has earned the memories that they will carry with them. We try to make our school the best that it can be for us and our friends by helping in our own ways, each of us searching for our own unique way to help polish the gold.

Student Life

Many students have the opportunities to become involved in life at Tantasqua outside of the classroom. Whether they are going to the prom, voting for homecoming king and queen, forming a band, or just wandering the halls in the themes of spirit days, the students can shine. Anything that the students do here at Tantasqua only helps them to become better students and polish the gold. For Brigette Brandenberger, an exchange student from Switzerland, the ability to learn from new experiences at our school lets her, too, shine.

Being King...
"It has its priviledges, I guess. Five minutes in the spot light, but the most fun I had was being with all of my friends."

Steve Marcucci

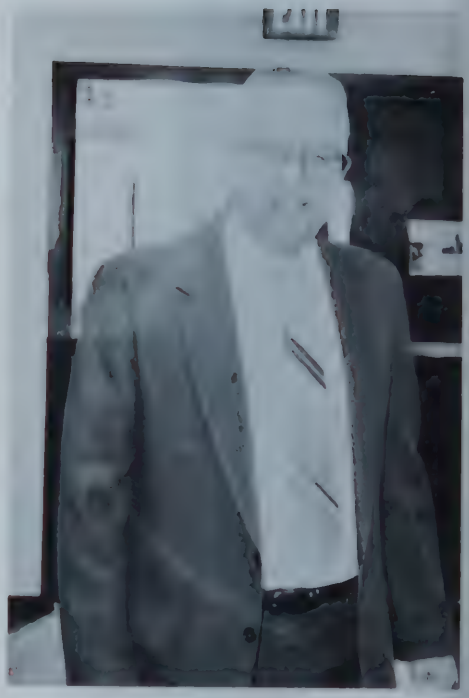
"Skiing is fun but ski club is better."

Justin Holstrom

"I must have shoveled enough snow to fill the forum."

Katie St. Germaine

Dedication



This year's Yearbook staff would like to honor Mr. Johan Theodor Leth-Steensen for all his hard work with this dedication.

Mr. Steensen has been a positive force over the past thirty years here at Tantasqua. A navy veteran and a graduate of Springfield College, Mr. Steensen has embodied a determination to develop a healthy mind, body, and spirit. This motto can be seen in action every day in his classroom as he takes his time and enthusiastically teaches students the wonders of math. Mr. Steensen is always around to make sure the math is "in your bucket". Mr. Steensen is also a dedicated coach to the cross country runners and to participants in other sports. Mr. Steensen has served Tantasqua not only as a math teacher and coach, but as a math team coordinator, head of the math department, and assistant principal of the Junior High School for five years.

Mr. Steensen will be greatly missed by the student body, administration, and faculty. Because of his little bow-tie, the smile on his face, and the hop in his steps, his students will always remember and respect him. His presence will always remain in Tantasqua, and all his hard work to make this school be one of the best will always be honored.

Mr. Steensen, thank you for all your hard work, enthusiasm, understanding, and dedication to all your students. Have a wonderful retirement. You deserve it!

Watch out Danielle!

Let it Snow

In the spirit of the Christmas song "Let It Snow, Let It Snow, Let It Snow" -Somewhere else, somewhere else, somewhere else!!! By January of 1996 we had already received over 30 inches of snow, almost three feet! Snow is a welcomed sight to students throughout the world. With school cancellations we all gladly lie back in bed for a couple of hours of extra sleep, but when is enough, enough? By January of last school year we had had maybe one or two snow days if that; by January of this year we already had had five snow days, not to mention the ones that were destined to come in February and March. To the ice skaters, sledders, snow boarders, and skiers all the "fluffy stuff" is wonderful! But to the shovelers, snow plowers, and children with cabin fever all the snow is no fun. The worst to hit probably was the BLIZZARD OF 1996. This storm rampaged through the east coast with no mercy; our area was hit with almost eighteen inches of snow. Yes, you guessed it: two more days off. Let It Snow, somewhere else!

Where did it all go?

Coffee break.

A group forms in the middle of the dance floor.

We've Got Tonight

"We've Got Tonight" was the theme of the 1995 Tantasqua Prom held at Mechanics Hall in Worcester on Friday, the 12th of May, 1995.

The memorable evening was preceded by a delicious buffet. Every elegantly dressed woman was accompanied by an equally distinguished looking gentleman.

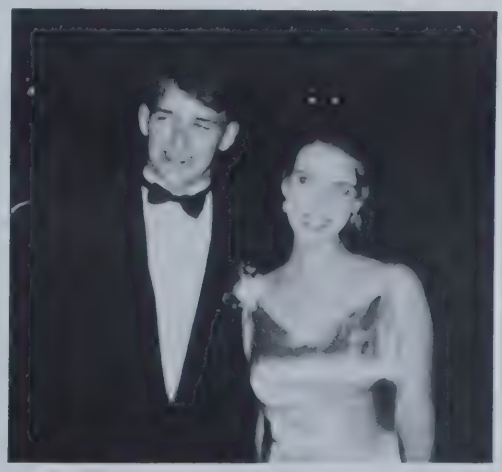
The court made up of juniors and seniors were chosen that evening. The junior court was made up of: Colleen Kasper, Robert Corry, Alison Murawski, and Matt Drake. The senior court was made up of: Jeremy Fernandes, Faye Meredith, Ben Bowmen, and Melissa Paradis. The king and queen were Joe Lombardi and Darlene Kustra. This event is one that will be remembered by everyone who attended as a very memorable night.

King Joe Lombardi and Queen Darlene Kustra.

The 1995 Prom Court.

Jennifer DeFalco, Ann Campbell, Alison Murawski, Debby Krans, Rachel Montross, and Melanie Mulchahy pose for a quick picture.

A table of prom attendees looks up while waiting for their dinner.



Greg Niejadlik and Kari Carroll await the evening.

Mr. Hippert joins the dancing with two students.

King and Queen Steve Marcucci and Juli Chiodetti have a good time leading off the court dance.

Most of the homecoming court parades into the Homecoming game.

Kylie Smith, Melanie Mulchahy, Lauren Paquin, and Debby Krans get into the spirit of the music.

The music has made even Mr. Newton decide to dance.

Homecoming

The 1995 Homecoming was held on Saturday, November 11th, in the High School gym, which was decorated with arcs of green and gold balloons and banners. The Homecoming Commitee started transforming the gym Friday and finished up for Saturday morning.

The much anticipated day started with the football game against Auburn. Even though the rain came, the spirit of Tantasqua was not dampened. Though the Warriors put a good fight for most of the game, Auburn came out in the end to be victorious, but not by much. The band played for the fans at the halftime show and the music continued into the night.

7:30 pm came and the dance began. Everyone was seen in their best and danced the night away to both new and old songs. As the evening came to a close, the King and Queen were announced as chosen by their peers and danced the traditional dance with their court. The court consisted of Brian Johnson, Rachel Montross, Kyle St. Laurent, Alison Murawski, Scott Gendreau, Jen DeFalco, and King Steve Marcucci and Queen Juli Chiodetti and they made this a memorable event.

ıe dazzling couple, Jen Cote and Ben Woodard.

The Warriors in action against Auburn

Local Bands

Besides extracurricular activities within the school, some students are broadening their activities by playing in local bands. Each of these bands has played out a number of times. *Piglet* was invited to play at Localpalooza in Worcester, as well as at the Espresso Bar; *Vinyl King*, too, has headlined at the Espresso Bar a couple of times. *Polyester Love-Seat* played at The Fire and Water in Northampton, and *The Cultivators* put on a show in Sim Cook's barn earlier this year. Many of the local bands such as *The Squares, Piglet,* and *Vinyl King* have put together professional demos.

Local bands come and go, but these bands are looking to be around for awhile.

Vinyl King

Leigh Willis-bass; Ben Woodard-guitar; Ben "fluffy" Farrell-keyboards; Jon Woodard-guitar/vocals; Nick Martinelle-drums.

Made from a slick space age polymer, Vinyl King creates a new breed of unsynthesized muzak with high aspirations of building a better tomato. These boys aren't afraid to take it on the knuckles

Polyester Love-Seat

Jessi Petrie-vocals; Ryan O'Conner-acoustic guitar/occasional vocals.

They played at Northampton's Fire and Water Cafe, have been featured in the Valley Advocate, and also performed at the school winter concert.

Note: They are not a punk band!

Piglet

Doug Sullivan-lead vocals/guitar; Jeremy Paradis-guitar/back up vocals; Brian Campbell-bass; John Flint-drums.

Piglet had an exciting year from playing at Localpalooza in Worcester, to the Espresso Bar, and even playing with popular SKA band Nigel Six. They have many plans for the future and beyond.

The Cultivators

Sim Cook-lead guitar; James Wickens-bass/vocals; Brent Grueter-drums.

Last year this band played at Armaggedon under the name Tools of Ignorance. They also played in Sim's barn with several other local bands. They're neat!

no name

John Fitzback-guitar/vocals; Jessi Petrie-bass/vocals; Chris Sensman-guitar/vocals; Bill Simpson-drums; John Williams-guitar.

This band plays a lot of classic rock, although some new songs are played. They have a lot of fun practicing and have become good friends. (Just like Frog and Toad, peanut butter and jelly, peas and carrots, and milk and cookies.)

The Squares

James Lynch-guitar/vocals; Doug Sullivan-bass/vocals; Jamie "Simple" Fitzgibbons-drums.

These guys have each been in several bands, but come together as a unique punk band. They play just for "FUN" and have recording plans for early 1996.

Through the Looking Glass

While walking in the halls here at Tantasqua, you may think you have double vision. Don't worry, in our school, there are several sets of twins. What is it like to have a twin? Is it fun tricking others by switching places? Does it get annoying to have people get confused about who is who? These are the questions many of us will never know. However, just because there are two of them, it does not make them twice as good or twice as bad as the rest of us. They are just two individuals who look alike and sometimes even have special ties to each other. So let us just sit back and laugh at the little pranks they enjoy playing on the rest of us every now and then.

Out of School Activities

High school is a time of work, of fun, of friendship, of love, and of what you make of it. Most students find school life to have enough pressure with full class loads, activities, projects, and homework. However, many have found the time to participate in activities outside of school.

Tantasqua has many activities that it offers to its students, but it doesn't offer everything to satisfy every student. Students sometimes go to the surrounding communites to find new interest. Many of our fellow students participate in dancing, horseback riding, and karate. Along with other activities students have found themselves in very busy schedules both in and out of school.

Meghan Hughes shows off her skills that Terry Gordon has taught her.

Alison Murawski shows off her stuff by posing for a picture.

Kim Hicks shows off her blue ribbon.

Amy Hicks shows off her three blue ribbons.

Amanda Young sits gracefully on top of her horse, Scooter.

arah Skowron and Heather Bacon--both have a black belt in jukido and Sarah is a red belt in kokondo while Heather is a green belt.

Tom Williams is kicking high as this green belt boy shows off his skills.

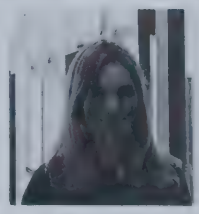
POLISH • THE GOLD

Seniors

For four years we have worked to become the polished gold produced by the growth and experience accumulated during our underclassmen years. We have enjoyed the time we were able to spend together and will always cherish the memories we have made with each other.

Unfortunately, this chapter in our lives is ending and we are preparing to embark on a new voyage full of possibilities. The securities of high school are no longer here to comfort us and we must now proceed with our knowledge and face the reality of life.



"This year has gone by so quickly. It has been incredible. Good Luck to everyone. I'm going to miss all of you."

Juli Chiodetti

"This year has been one that I will never forget. It was the last year of our fun and friendship together. Now it's time to move on and experience new things."

Tracy Moore

"High school has been an amazing experience where we have found our friends and at the same time, found our true selves."

Tom Porter and
Ann Campbell

Superlatives

Most Likely to Succeed: **Rachel Montross and Brad Green**

Worst Drivers: **Dan Thompson and Tammy Brubaker**

Class Artists: **Ben Woodard and Celia Proulx**

Imagination is something which is put together in a more or less inspired way. – Salvador Dali

Amy Abusamra

Jacquilyn Alakoski
Use the talents you possess; the woods would be a very quiet place if the only ones that sang there were the ones that sang best.

Joseph Astukewicz

Lisa Ayers
Memories are as precious as those who help to create them.

Joanna Bardsley

Michelle Barth
Be nice, try not to hurt anyone, and just hope you fall in love. – Mallory Keaton

Jay Berthiaume

Jennifer Bliss
Our lives begin to end the day we become silent about things that matter most.

Sara Bolduc

Emily Brangan
"Why do you sit out here all alone?" said Alice. "Why, because there's nobody with me!" cried Humpty Dumpty.

Jamie Brodak

Jessica Brown
The only ladder to the stars is woven of dreams, and inside each heart there is a place where dreams are born. – Flavia

Tammy Brubaker
A smile is just a whisper of a laugh.

Joyce Butterworth

Ann Campbell
As old wood is best to burn, old horses to ride, old books to read, and an old wine to drink, so are old friends always most trusty to use.

Sheannon Carr

Karensa Carroll
To live in the heart of those left behind, is not to die. – Everett Barney

Juli Chiodetti
To see a world in a grain of sand and heaven in a wild flower, To hold infinity in the palm of your hand, And eternity in an hour. – Blake

Keith Clancey
You must always push the limits, because if you never fail, you will never succeed.

Kevin Clancy

Brendan Clarke
Of all the things my mouth can say, it amazes me that it says the most without making a sound. – me

Meghan Coache
He who laughs, lasts. – unknown

Jason Colangione
We hit the ball hard, dribble it in, and then we smile.

Robert Corry
Such a long, long time to be gone . . . and a short time to be here. – Robert Hunter

Jennifer Cote
To enjoy idling thoroughly, one must have plenty of work to do.

Jeremy Croteau

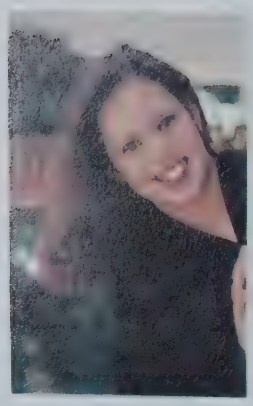
Erin Cummings

Kristy Currie

Jennifer DeFalco
Worry is wasting today's time to clutter up tomorrows opportunities with yesterday's troubles.

Brett Downing
Hey, Dude, what about me? (Bud) – J.S. (USMC)

Matthew Drake
What's wrong with being good looking? – the cutie pictured above



Kristin Dugas

Jamie Dulmaine
Not only are we yesterday's past, but tomorrow's future. You can't go wrong reaching for the stars.

Erik Duncan

Jessica Dymon
Just memories to hold, that grow sweeter each season as we slowly grow old. – TTWS

James Ellis

Colleen Faneuf

Benjamin Farrell
There are two kinds of people, those who finish what they started and so on . . . – Robert Byrne

Regina Fife
I won't disturb the slumber of feelings that have died if I never loved I never would have cried. – Simon and Garfunkel

Rebecca Flynn

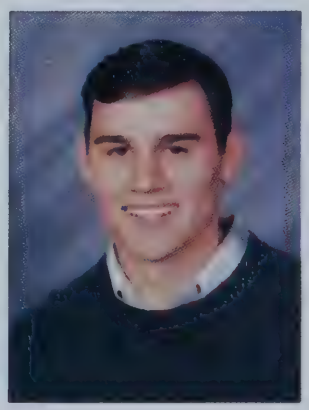
Deanna Frenette

Erin Garceau
Life is a window. It's what you see that makes it beautiful. R.C.G.

Christian Gaudette

Paul Gaudette

Christian Gaudreau



Matthew Gentile

Garrett Gentry
You can never plan the future by the past. – Edmund Burke

Michelle Golinski
The one face one can never see is one's own face. – James Baldwin

Meghan Gradowski
Never underestimate the power of the soul unleashed.

Robert Gratton
I knew I was an unwanted baby when I saw that my bath toys were a toaster and a radio. – J.R.

T. Bradford Green
Victories that are easy are cheap. Those only are worth having which come as a result of hard fighting. – Henry Ward Beecher

James Greene
The difference between genius & stupidity is that genius has its limits – unknown

Jessica Grimes

Michael Gruszka

Adam Halterman
Yes, to dance beneath a diamond sky with one hand waving free silhouetted by the sea. – Bob Dylan

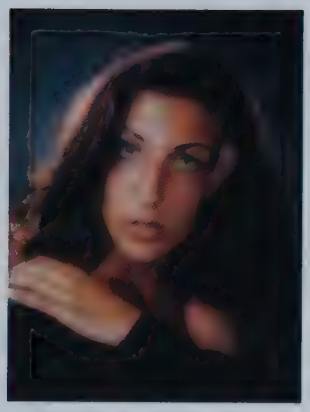
Kimberly Hapcook

Sean Hart
I only have one question. Were their glasses on? – E.S. (ER)

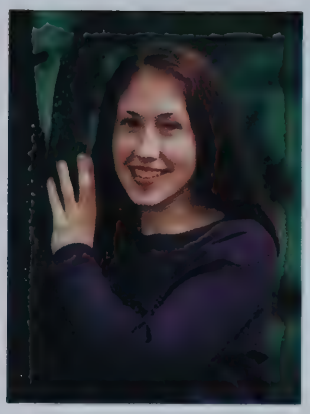
Julie Hawkins

Kristine Hayward
Smile. It makes people wonder what you've been up to. – meme

Robin Hill
"Life is a box of chocolates; you never know what you are gonna get." Gotta love it



Meghan Hughes
If you truly love something, let it go. If it comes back, it is yours forever; if doesn't, it was never yours to begin with.



Noelle Jacques
On the road of life, hearts will be broken. The only advice I can give is to try not to be the breaker or the breakee.

Matthew Jalbert

Kara Kovitch

Debby Krans
Everything that lives dies, but not everyone that dies has lived.

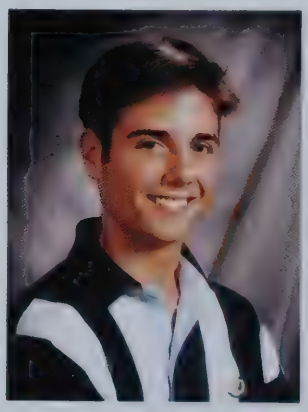
Jason Kruckas

Amanda LaFleur
Never judge a book by its cover, because there may be something worth reading inside.

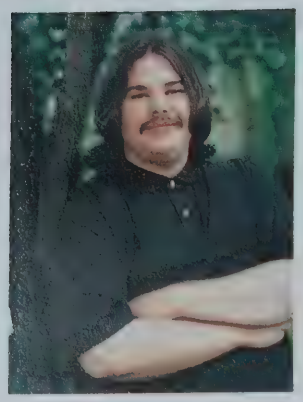
Joseph Lariviere

Jennifer Lavallee
If only we'd stop trying to be happy, we could have a pretty good time. – Edith Wharton

Zanchary Lavergne

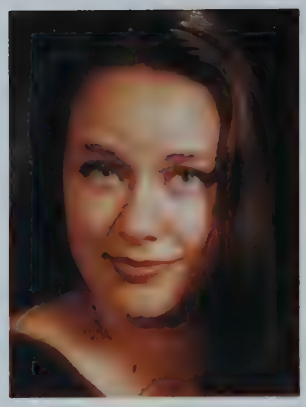


Eric LeClair



Joshua Lee
Everything is meaningless, a chasing the wind. – Ecclesiastes 2:11

Harmony Leo



Jessica Letendre

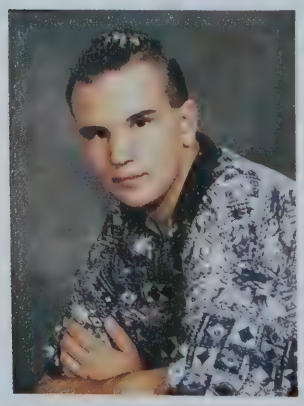
Leslie Lincoln
In the soccer game of life it is never safe to look at victory with eyes of fear.

Marie Lincoln
The future is like a soccer game. You have to stick to your game plan and never take your eyes off the ball ... THE RESULT, VICTORY.

Monique Lomme

Melissa Lynch

Steve Marcucci



Nicholas Martinelle
I bought a decaffeinated coffee table ... No one can tell the difference.

Aileen Mayer
He who borrows the earth is the protector. He who steals the earth is the destroyer. He who kills the earth kills the goddess as well.

Lindsay McDowell

Benjamin McElroy
Worry is a spasm of emotion. – Winston Churchill; The impassioned man hasn't time to be witty. – Stendhal

Monique McGinn

Melony McNeaney
From what we get, we can make a living; what we give, however, makes a life. – Arthur Ashe

Steve Meacham

Tina Mellor
My life will be over when I run out of dreams. – unknown

Eric Menyhart
A laughing man is stronger than a suffering man. – Flaubert

Bryan Mero

Nichole Miles

David Miller

Lora Mitchell

Rachel Montross
Gather ye rose buds while ye may, Old Time is still a-flying; And this same flower that smiles today Tomorrow will be dying. – Robert Herrick

Tracy Moore
Life is a struggle for those who want more than life itself. – unknown

Melanie Mulcahy
That which is not worth saying is sung. – Beaumarchais

Alison Murawski
Whoever lives true life, will love true love. – E.B. Browning

Erin Murphy

Gregory Niejadlik
The clearest way into the Universe is through a forest wilderness. – John Muir

Melissa Palmer

Lauren Paquin
Sweet childish days, that were as long as twenty days are now . . . – Wordsworth

Kristin Parzych
If Noah had been truly wise, he would have swatted those two flies. – H. Castle

Nicole Perron
The greatest test of courage on earth is to bear defeat without losing heart. – Robert Green Ingersoll

Jessica Petrie
So, maybe I'm a dreamer, but my dreams will take me far.

Thomas Porter
The great are only great because we are on our knees. Let us rise. – P.J. Proudhon, Revolutions of Paris: Motto

Christian Postemski

Cecilia Proulx
Don't compromise yourself. You are all you've got. – James Joplin

Terri Racine
Time goes by too fast to stand still; so follow your hopes and dreams and reach high for your goals. Good Luck, everyone!

Alison Randall
Farewell to you and the youth I have spent with you. The noontide is upon us and our half waking has turned to a fuller day, and we must part.

Michael Reale

William Rehkamp
Take care of the environment.

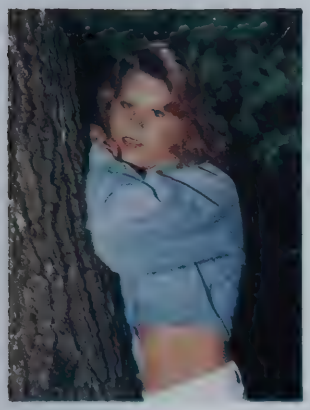
Jason Renaud

Jesse Reyes

Corey Richer
"I'm a Derick and Derick's don't run!" – Bad Taste

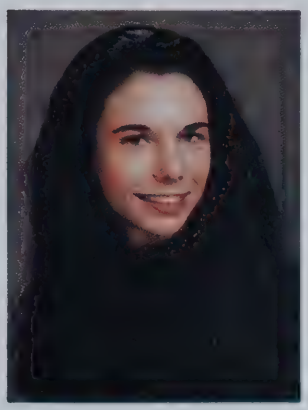
Laura Roe
The things in life that are appreciated can be taken away just as quickly as they were put here. Take care of what we have.

Michael Savage



Katrina Shepard
We are the people of yesterday, today, and tomorrow. – anonymous

Jennifer Simanski



Kylie Smith

Luke St. Germaine

Kyle St. Laurent

Sherry Tetreault
Happiness is not a matter of events; it depends on the tides of the mind.

Keith Thibault

Daniel Thompson
It's a jungle out there. – my dad

Angelique Towne

Kimberly Trotta

Danielle Valois

Andrew Volpe
I'd like to thank the guy who invented hockey, because who would have thought that standing in front of 90 mph pucks could be so much fun!

Timothy Volpe

Dennis Ward
We should all be concerned about the future because we will have to spend the rest of our lives there. – C.F. Kettering

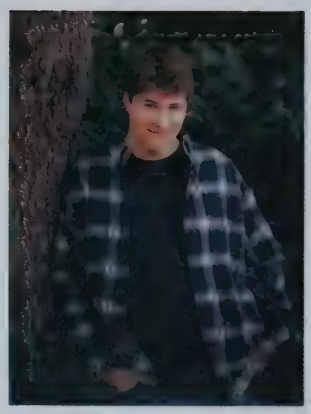
Penny White
Everyone needs a clown to make them smile!

Jennifer Whitten
Love is patience, love is kind. Learn the secret of love. 1 Corinthians 13.

Leigh Willis
Your mother ate my dog. – P.M. Sanchez

Kristin Wilmarth
We were talking-about the love that's gone so cold and the people who gain the world and lose their soul. – The Beatles

Benjamin Woodard
John Lennon was the Walrus. I could be the walrus, but I'd still have to bum rides off of people. – F.B.



Jonathan Woodard
"Everything I did was normal to me." – Mike Patton "A nozh scrapi anytime you say." – Alex the Droog

Matthew Wszolek

Colleen Kasper
To be meek, patient, tactful, modest, honorable, brave, is not to be manly or womanly; it is to be humane.

POLISH • THE GOLD

Underclassmen

The seniors may be the ones who shine each year, but the underclassmen are not to be forgotten. We are always around to make someone smile, day to day, while also busy making the memories that will last us a lifetime. Realizing now that we will not be in high school forever, we enjoy the time we spend together, because it will not always remain there to comfort us. We realize that all of our actions, whether they be in class, after school, or supporting other school members, all add up to the great green and gold. We contribute to our school, making it better for us and our friends, learning and earning the memories of life.

"High School is a lot of hard work, but sometimes it can actually be fun."

Nicole Theodoropoulos

" I am enjoying the new freedoms I have acquired since I began high school."

Mindy Fila

"In the high school you get to interact with kids from all grades."

Julie Mina

Driver's Ed

A major goal for many high school students is getting their license. Driver's Ed offered through the school helps students accomplish this goal. The classroom part of the course involves various movies and different important aspects of driving such as rules of the road and different ways to ensure the safety of you and others. Driving on the road is another part of this course. Students have to have six hours of driving experience with the instructor, as well as observation time.

Driver's Education helps all students to prepare for one of the biggest responsibilities they will be given in their lives. When driving on the road, you not only have to know all of the rules, but you also have to take into consideration the fact that everyone around you is affected by the way you drive. You're not only taking your own life in your hands but the safety of others as well.

Driver's Education may be the one course in school that everyone wants and needs to pass, and our roads are safer from it.

Thomas Jefferson Forum

The Thomas Jefferson Forum, named after our nation's third President, is a community service group. Open to all students at Tantasqua, it provides ample opportunity for us to share with and help out others less fortunate than ourselves in our community. The state-wide program has been active in Tantasqua since 1990. The hours which the students work are not required and their time is appreciated by anyone that they help.

Members of the group have already assisted at the Brookfield Apple Festival during early October, setting up booths and games for the children. A walk-a-thon has also taken place to raise money for St. Jude's Children's Hospital. Soda and juice can tabs are being collected in the school, helping to raise money for a kidney dialysis machine, and winter clothes were collected for the homeless and poor. Several members are involved in S.L.A.M., Student Leadership Action Movement. For the future, there are several soup kitchen nights scheduled in Southbridge for the less fortunate. Thomas Jefferson Forum members get donations for the food to serve, cook, and bag extra for these people. TJF also held a month-long clothes drive earlier this year. The group donated the clothes they received to the surrounding towns as well as shelters in Worcester.

Thomas Jefferson Forum is an excellent chance for students and families to get involved in their community and to help out in their spare time. Not only does it help us to care for others, but it gives us first hand experience and leaves us with the feeling of doing a truly good deed for someone in need.

Student Council

The Tantasqua High School Student Council got off to a great start this year by getting dirty and giving the bleachers next to the football field a new, desperately needed paint job. Fans sat in these bleachers while watching the fall sports games, and when the fans got cold they could go buy some hot chocolate, coffee, or other refreshments at "The Shack," which is the student council managed concession stand.

School spirit was on the rise as students actively participated in the student council run pep rally and spirit week. Even the faculty participated!

Throughout the Christman season, student council has been in charge of collecting canned and non-persihable food items so that less fortunate citizens will be able to have their Christmas dinner. Also during AIDS Awareness Week, student council members went aroung during lunches asking for donations in exchange for an awareness ribbon. All of the money collected was donated to the AIDS project of Worcester.

Officers and representatives of student council have also attended state wide conferences. In these, they met with other student councils in the state, always coming back to our school excited and with plenty of new ideas to make our school better than ever.

Technology Center

When many people think of technology they think about computers, expensive video games, or the latest military advancements.

Technology, as defined by Webster, is, "The totality of the means employed to provide objects necessary for human sustenance and comfort."

Although change and innovation are somewhat intimidating, the progressive programs and instruction presented in our Technology Center offer a vast amount of knowledge being passed from teacher to student, and many times vice versa.

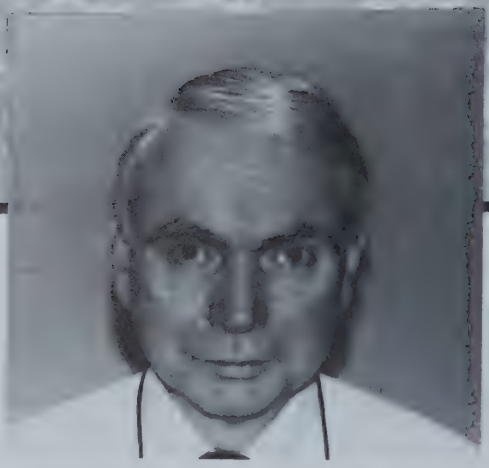
The Tech Center is a combination of the work place environment and the classroom. This kind of education is a unique experience for any student who chooses to take a class in the completely renovated rooms under the catwalk.

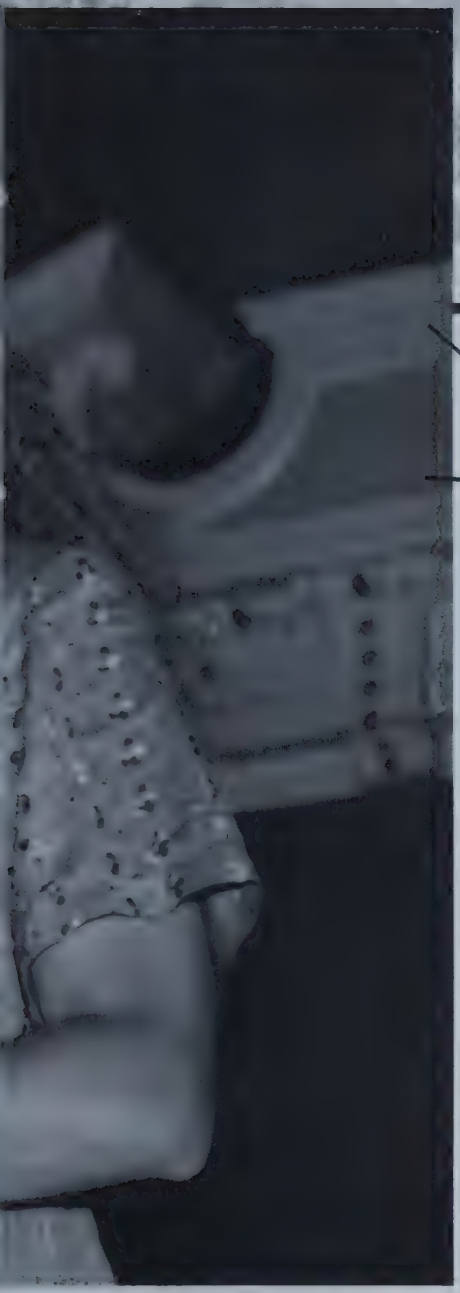
Students whose focus is either academic or technical are now able to choose from a variety of classes available in the Technology Center.

Department Directors Mr. Errede, Mr. Heistand, and Ms. DiNapoli dedicate the entire school day to students using the Technology Center. The Technology Center provides an excellent opportunity for any young person at TRHS. It offers an experienced and enthusiastic staff, diverse opportunities, and state-of-the-art equipment and programs in a concentrated, exciting, user-friendly area.

If you want to prepare for the future, a great experience awaits you in our Technology Center. For the future is now.

Beth found where the money is hidden.

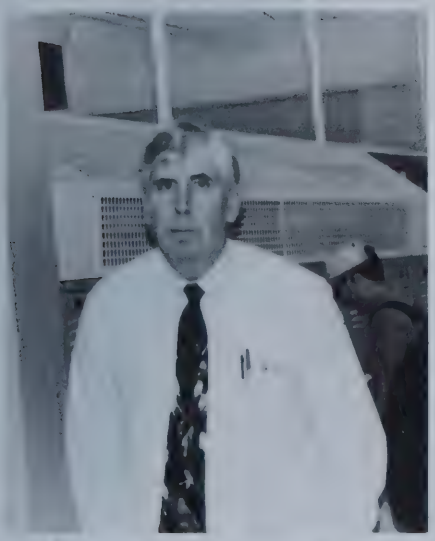




POLISH • THE GOLD

Faculty

The faculty at Tantasqua deserve the most credit for our growth through the years. Coming into the high school, the faculty will go the extra mile to see that we are taken care of, so that we leave prepared for our futures. Many changes are affecting the faculty at Tantasqua, but through all the changes one thing still remains the same, the dedication and concern that our faculty and administration have for motivating us to shine at whatever we do. As the year ends, new students will be wandering the halls while the seniors will be moving on to careers or college. However, the faculty at Tantasqua is ready to take on the new challenges that face them and polish the gold in every student so that they, too, will be prepared to leave Tantasqua.



"To study science is to seek answers to questions about our world"

Dr. Carroll

"If fortunate enough to discover four gold coins on the ground, would you pick up only three? Treat life's opportunities like the coins."

POLISH • THE GOLD

Technical

The technical students here at Tantasqua polish the gold academically as well as occasionally literally. The students in grades from 9-12 have the ability to participate in classes such as Tech I and II, Drafting, Carpentry, Electrical Shop, and Manufacturing Shop. New students within the technical program are being introduced to some of the latest technology there is, while some still prefer to participate in the hands on programs. This year's graduating class is the last class to go through the four year "vocational" program, and as they begin to think about post-high school careers, the knowledge they learned within the school will help them shine in their field.

" I liked singing with the swinging mikes."

Chris Bouchard

" I hope to be a disc jockey."

Sadie Conant

" I hope to achieve a good start to my medical profession."

Amanda Jenks

TECH 1

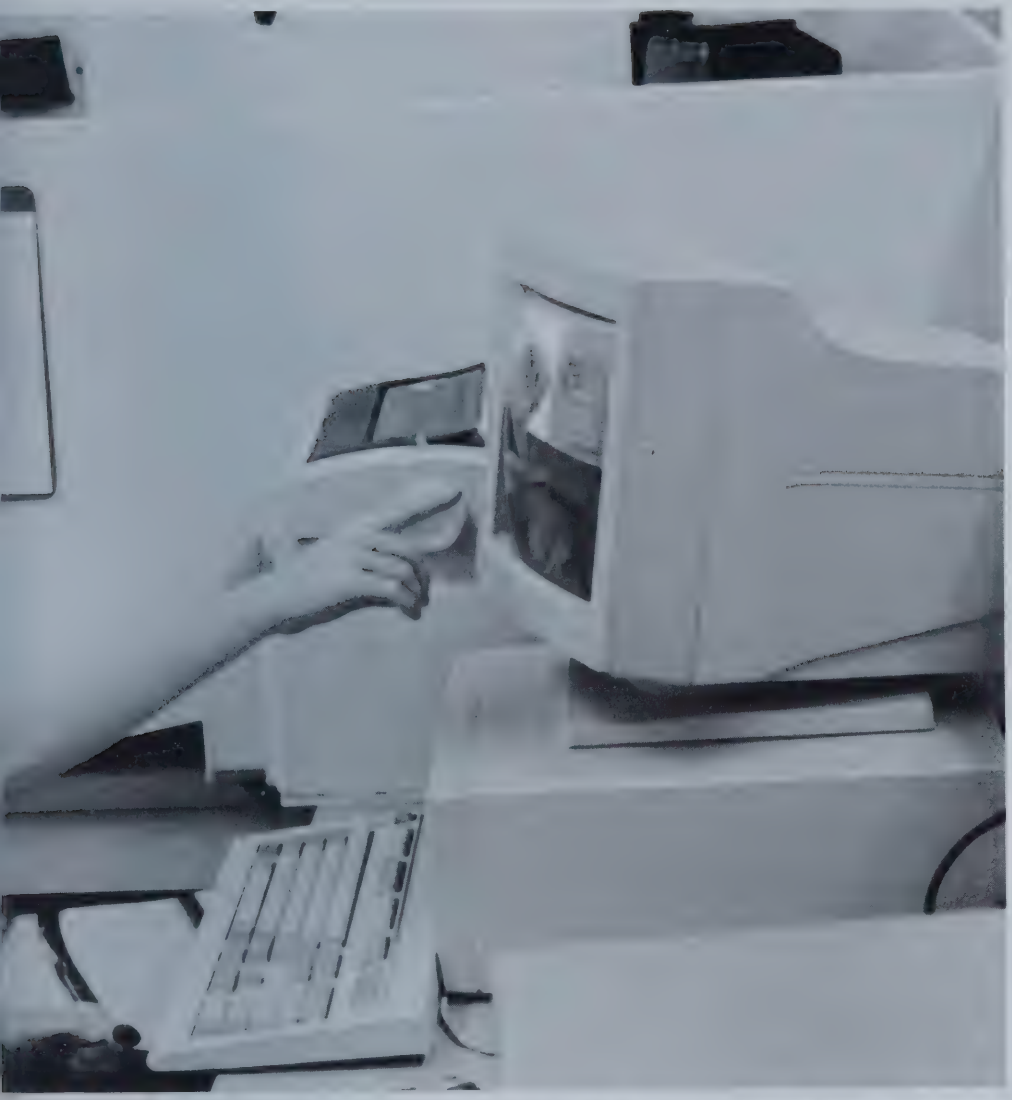
Tech I is a new and exciting state-approved program offered by Tantasqua Regional High School's Technical Division. It provides the student with the basic skills necessary to succeed in our changing society, as well as an introduction into a curriculum that will allow any student the option of career, college, or technical school after graduation. It is open to any ninth grade student wishing to explore the areas of health sciences, business management, and construction. These students have also studied transportation where they studied pneumatics, which is the study of air pressure and how it is useful as another source of energy. Students studying manufacturing were able to work with plastics, making such things as Vinnie Rizzo's "screwdrivers and sailboats." Finally, the last course of study is communications. This course teaches students about recording records and tapes and using other audio equipment.

Tech I enables students to develop critical thinking and problem-solving skills, both essential for success in the 21st century. They develop teamwork skills through participation in group projects, and becoming familiar with the many developing careers and technologies which exist in our society, opening up new doors of opportunity for their future.

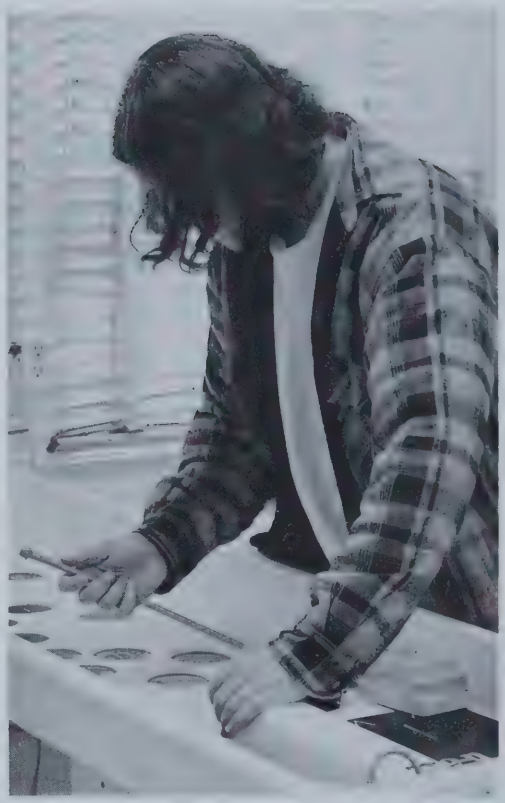
Keep playing them tunes.

Chad listens in on a conversation.

Look what two Keiths can do.



Try a Flowbee.

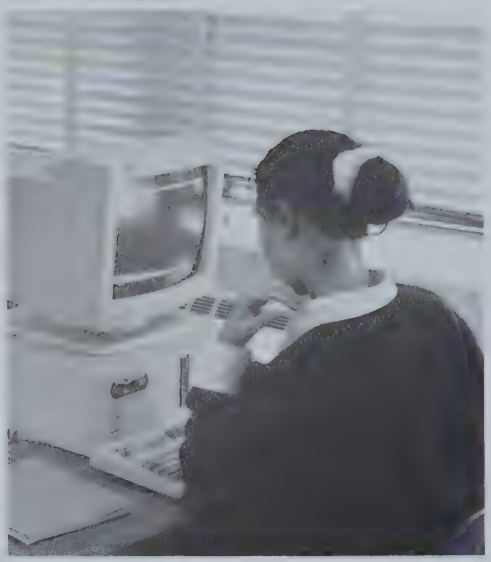


Nathan Forand sets up the target.

Craig ponders the mystery of wind.

Tim Fortuna woks on a simple discovery.

How do I turn this off?



This student diligently works on her project.

Aaron is wondering if he is doing it right.

TECH II

Tech II is a program, for any tenth grade students, designed to give students a broad understanding of industry through working together as teams on group projects and presentations.

This program exposes students to four general areas: manufacturing, health, construction, and energy, power, and transportation. Yearlong students rotate through "clusters" and are exposed to all aspects of these industries including business issues, environmental concerns, personnel issues, and how technology is used in each of these areas.

Instructional methods and student tasks assigned include field trips, guest speakers, oral reports, video reports, and a heavy emphasis on hands on activities and project building. For example, in the manufacturing cluster, the students conducted a market survey of consumer interests. They then designed and manufactured a marketable pizza cutter.

Next year, the current Tech II students will choose one of the current four technical sections to pursue their career.

Larry loves to look at the little shiny things.

Is it time to leave?

Come on and dance to the music.

Machine Drafting

Drafting? Where is drafting? It's through the double doors at the far end of the cafeteria.

The drafting program offers mechanical and architectural drafting. Both are available on-the-board and on a computer using a CAD program. Students use AutoCAD Release 12 and Auto-Architect.

The projects students get involved in are very interesting — i.e., patents, machine parts, garages, and renovations to schools including our own.

Students successfully completing the drafting program are prepared for entry level positions in industry or entry into a two or four year college.

Don't look so serious, Aaron!

Who's teaching who?

What are you holding there?

Manufacturing

Manufacturing Technology represents many occupations requiring advanced skills and creative thinking. Many successful company owners, foremen, teachers, sales representatives, engineers, and draft persons started their careers in this field. The importance of individuals trained in this field cannot be overemphasized, for it is they who build the many machines and manufacture the products that contribute to our modern civilization.

Our major goal is to prepare young people to seek, acquire, and succeed in a specific occupation requiring specialized technical skills for entry into the manufacturing field. This program is designed to be flexible enough to fit the needs of individuals by providing the tasks, knowledge, guidance, and attitudes necessary to enable the students to prepare for post-secondary schools or for participation in productive technical/professional environments. Training is accomplished in an industrial atmosphere so that a smooth transition from school to "the world of work" is possible. Students in this department will understand that to achieve successful employment in the manufacturing field they must apply themselves and be motivated.

Mr. Rousseau looks puzzled on this one.

Hope you're not on any heavy medication, Josh.

Carpentry

The Carpentry Program is primarily designed to teach skills in house building and basic cabinet making. Students in the program gain valuable work-related experience while at the same time providing services to the community.

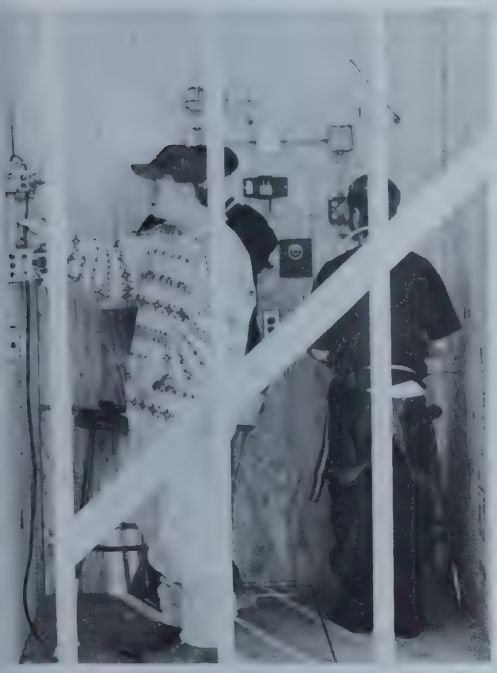
This year's carpentry students have built a country porch for a resident in Sturbridge; constructed interior partitions for an office area; vestibule, restrooms, and mechanical room at the new Brimfield Town Barn; built a small addition with a deck for a resident in Sturbridge; and constructed a two car garage and deck for a resident in Brimfield. They have also built four sheds, manufactured bookcases for the high school library, built a bookcase for Brimfield's Council on Aging, and performed many smaller projects throughout the five member towns and schools. The students and the community have gained from this program.

Look! Matching glasses.

Don't hurt yourself there, Chris!

Hey, Nathan, Don't cut off your hand!

I hope they let us out of the cooler soon.

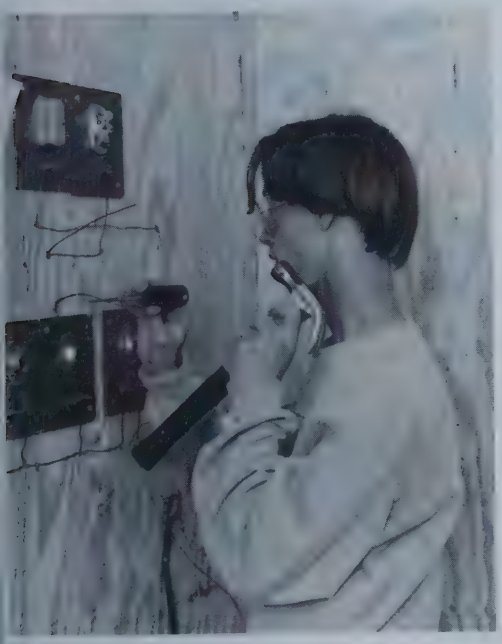


Electrical

The four seniors in this year's electrical shop are the end of a vocational era in Tantasqua. Mark Branczyk, Jamey Brodak, Joe Lariviere and Bryan Mero are the last of the four year electrical students. These students have accomplished a lot in their four years here. Some projects include wiring a house made by the carpentry department, putting in new lighting fixtures around the school, rebuilding the electrical shop, and wiring the Brimfield Town Hall.

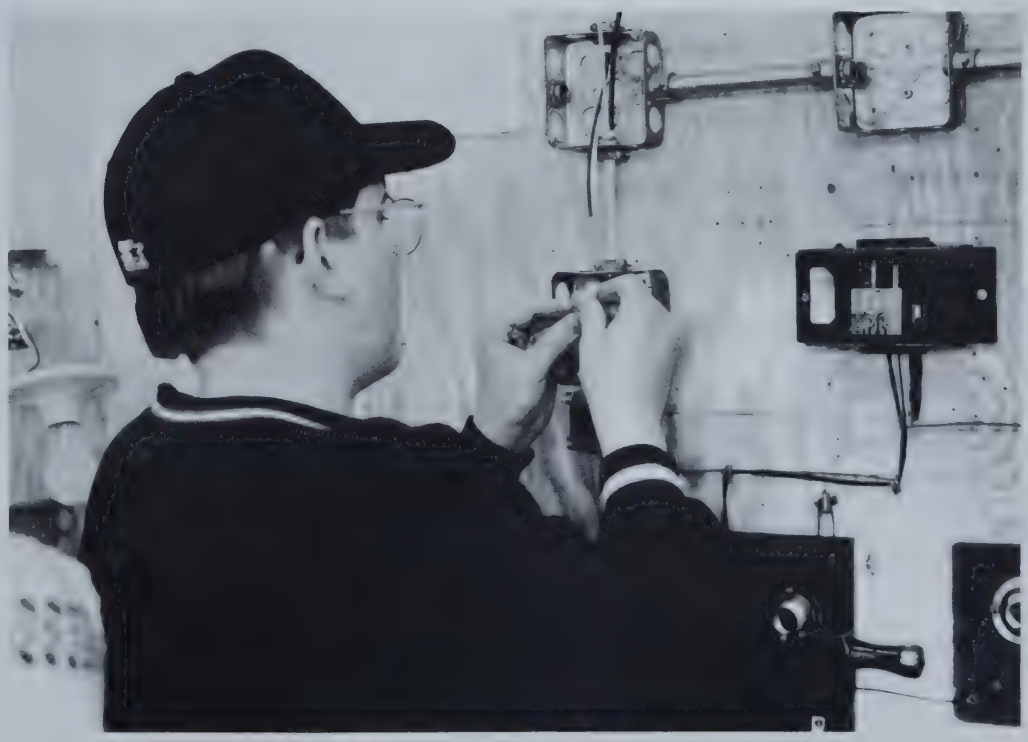
After having related with Mr. Bracken, shop with Mr. Manseau, and outside instruction from Mr. Devine, these students are looking forward to future projects. Along with the Brimfield Barn the electrical students will continue with rewiring the school and working with the Brimfield Highway Department. These students are not only working toward this year at school, but looking forward to their futures in general. All four seniors have plans for attending college or going into the work force.

All these students have great expectations for their futures. Thanks to the hard work of the electrical shop faculty, these students are able to look towards their goals and have a good chance of achieving them.



Watch the thumb, Michael.

NO, it's the red wire!



POLISH • THE GOLD

Sports

Whether you are a player or a fan, dedication is what makes the Warriors strong. Regardless of what their records sometimes show, the Tantasqua Warriors give 100% every single time they walk out onto the fields, tracks, greens, and courts. Make no mistake, the Warriors love to win, but everytime they come out of a game, they know that it's time to practice—to polish the gold!

"The games we play may set the standards of our lives. To give 100% is our goal."

Kyle St. Laurent

"It's a fine day, I feel good, It's a great day to die."

Indian War Chant
Brian Johnson

"It's not so important to be serious as it is to be serious about the important."

Nicole Perron

BOY'S SOCCER

The outlook wasn't good for the Boys' Soccer team, after losing seven seniors from last year's winning team. No one expected this year's team to be Border Conference Co-Champions or to make it to the semi-finals in Districts, but they did.

Led by the offensive talents of co-captains Brian Raymond and Ben Campbell and the defensive talents of co-captain Dan Malvey, the team started the season with a bang. The first game was a massacre (11-1 at North), and that was just the beginning of their amazing season. The Boys' Soccer team went on to beat many of their toughest competitors and tie #2 ranked Quabbin. The team ended the season with a record of 12-6-2.

Next season the team is looking to improve their record under the leadership of co-captains Dan Malvey, Brian Raymond, and Dan Dubois. Even though the team is losing three seniors, Tom Porter, Chris Gaudreau, and Jason Kruckas, they are hoping to find some fresh talent in the upcoming freshman class.

Varsity Soccer top row: Bill Simpson, Brian Teasdale, Jan Dormsjo, Bill Chiodetti, Garrett Holland, Dave Landine, Joe Clayton, Coach Krupczk *middle row:* Brendan Malvey, Dave Anderson, Nick Constantinou, Dan Lafleur, Dan Dubois, Luke Bardsley, Tim Kurr, Adam Volungis *bottom row:* Chris Gaudreau, Jason Krukas, Ben Campbell, Dan Malvey, Brian Raymond, Eric Swenson, Tom Porter

en DeFalco "gracefully" heads the ball.

Captain Nikki Perron dribbles the ball up field.

Kristy Downing beats her opponent to the ball.

GIRL'S SOCCER

The loss of six talented seniors last year was a tough break for the Warrior girl's soccer team. Coach Duncan had a tough job this year trying to strengthen a young and inexperienced team. He was, however, aided by co-captians Nicole Perron, Meghan Hart, and Ann Campbell.

The girl's record of 4-12-1 does not accurately reflect the determination and effort they displayed at each game. Nicole Perron proved to be the team's key offensive player. Meghan Hart ran strong until an injury benched her for a good part of the season. Goalie Monique Chapdelaine and her sister Michelle strengthened their skills and will be back next year to work towards a more successful season.

Seniors Ann Campbell, Jen DeFalco, Marie Lincoln, Leslie Lincoln, and Nicole Perron will be missed, but the younger girls certainly have a bright future ahead of them.

CROSS COUNTRY

The gun is sounded, the runners spring forward into their positions. To some this may appear to be a cruel punishment to work so hard, to others it is everything inside calling out for victory. The members of both the Boys' and Girls' Cross Country teams believe in strong dedication, high motivation, and intense mental strength. That is what is needed to push yourself across the finish line.

This year was an invigorating one that took the team on many different paths. They were there for each other to fight in the battles along the roadside and the trails. Throughout the year the team feasted on spaghetti dinners that built both energy and planning for the teams.

The Boys' Cross Country team was led by Matt Buffone and Paul Mazzaferro to an overall record of 4-8. The Girls' Cross Country team had a rough start but quickly got used to the guidance of Coach Steensen to finish with a record of 6-5. Both teams are still growing and developing and can look forward to a great season next year.

Even though the record may not show strong wins, the devotion of everyone on the team may seem more than enough to help them to more victories in the future. Seniors Kim Splaine, Matt Buffone, Bob Corry, and Lora Mitchell have all contributed to the success of the the team and will be missed. With a strong team and devoted coaches such as Coach Steensen and Coach Foley, the Warriors spirit can live on.

Shawn takes the lead.

A runner deep in thought.

Don't trip!

FIELD HOCKEY

After losing 12 seniors and a coach, the 1995 field hockey squad was not expected to have a great season. Once again, however, the team pulled together and won almost half of their games.

Under the direction of Coach Anne Muench (formerly the J.V. Coach), the field hockey team made a smooth transition from an experienced squad to a young team. The team consisted mostly of sophomores and juniors who have built a strong base for the next years. Only four seniors returned for their last season, completing the team.

Some highlights of the season included strong wins against Southbridge, and strong plays against Quaboag and North Brookfield.

This was a transition year for the team. Next year this experience will push the team toward more victories!

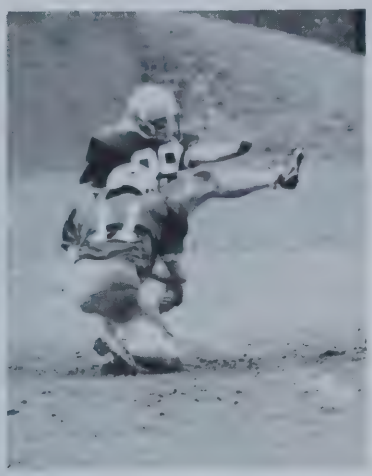
Miller runs back another pick.



And the kick is good!

FOOTBALL

The 1995 season marked the resurgence of Warrior football. The record of 5-5 does not completely tell the story. Even in the games that were lost, the Warriors proved that they could compete with anyone on their schedule. At one point in the season, the team's record was 5-1. In the final games, the team succumbed to injuries and a few bad breaks. In the last two games, the victory margin was only one point given up late in the game.

Hard work during the season by the athletes and the coaching staff, along with intense off season weight training in the "250 Club," enabled the Warriors to compete with their often much larger opponents.

Defensively, the team was anchored by tackles Capt. Brian Johnson and senior Brad Green. A crew of very hard hitting linebackers included senior standout Kyle St. Laurent, Capt. Scott Gendreau and senior Dave Miller loomed large in the secondary. (Overall the first defense allowed an average of about nine points a game.)

Tantasqua offense, effectively run by junior quarterback Sal Timmins, showed its versatility. The running and passing games were usually quite effective. The lion's share of the yardage was compiled by Capt. Matt Gentile and junior Woody Tunstall.

Once again, Coach "Rocky" Thompson will have a very talented nucleus returning next year. This year's successful freshmen, combined with the other players, should make up another victorious team next year.

Six players were named Border Conference All Stars. They were Brian Johnson (4th year), Matt Gentile (2nd year), Brad Green, Kyle St. Laurent, Dave MacAlpine, and Woody Tunstall. Johnson was also named to the T&G Division II All Star team. Next year, for the first time in several years, Tantasqua will hopefully have at least three names on college rosters.

WINTER TRACK

The indoor track season began in late November, just as the snow began to fall. We had 27 boys and 25 girls on the team the first day of practice; this number fell to only 20 boys and 20 girls. The boys were laden with Juniors and optimism was high for a good year. The girls had 1 Junior and 5 Seniors with a large contingency of Sophomores and Freshmen. We felt this year would be a good building year for the future, as things look very promising for next year.

Led by team captains Justin Kenneway, Anthony Mazzaferro, and Steve Marcucci for the boys and Kim Splaine, Jill Hermanson, and Katie Coan for the girls, the teams competed in the Central Mass Suburban League in Division I. The boys finished with a record of 5-2 with 1 cancelled meet while the girls finished overall 1-6. At the league championships, out of 16 teams, the boys finished 6th and the girls finished 10th. Julie Dragon was the only runner to medal at the District competition. This is only the second year for this sport, and the dedication and "intensity" of the athletes shows that this can be a strong team in the future.

Indoor Track top row: Todd Church, Manager Sarah Skowron, Coach Gaudet, Paul Mazzaferro, Andy Hynes, Justin Kenneway, Anthony Mazzaferro, Jeff Lombardi *middle row:* Julie Dragon, Kathy Heagney, Jeff Gentile, Doug Jones, Dan Dubois, Bill Rehkamp, Juli Chiodetti, Steve Marcucci *bottom row:* Amber Bansak, Brie Burdon, Kim Heagney, Stephanie Looney, Jill Braun, Jill Hermanson, Jenna Matys

Kathy runs for a medal.

Nice face Juli!

There's nothing like time to relax

Try the egg toss, it's easier.

CHEERLEADING

The Tantasqua Warrior Cheerleaders were led by captains Jenna Cournoyer and Kelly Gendreau. The squad worked extremely hard thoughout both the football and basketball seasons. Not only did they raise spirit on the field and court, but they helped publicize the games by making posters which decorated the halls before the games. Their "Show us how to get down" cheer was a favorite for the fans. Mrs. Dunn and Mrs. Cournoyer did a wonderful job organizing and leading the girls as coaches for the squad. With no seniors leaving at all this year, the girls' enthusiasm should continue into next year to help make it that much better for both the fans and the teams. The school looks forward to their guidance in cheering on the Warriors' proud green and gold.

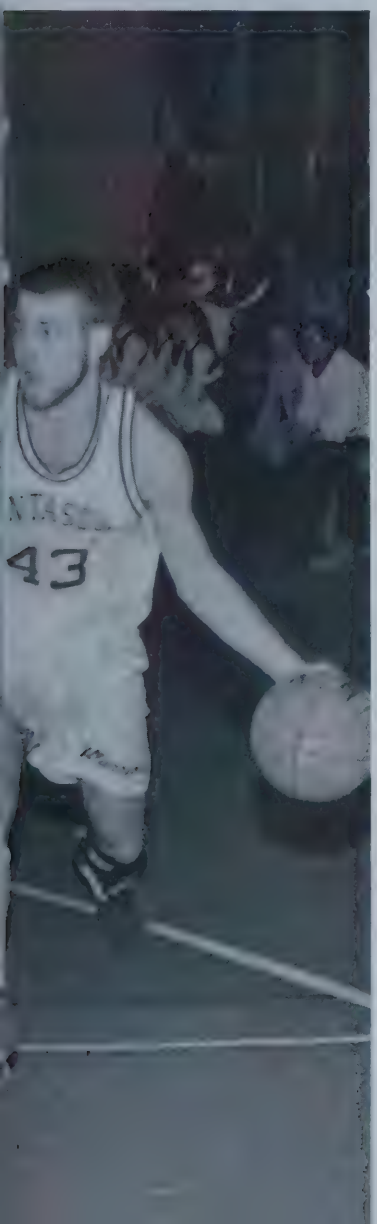
Woody gets up for another rebound.



BOYS' BASKETBALL

This years boys' basketball team may have started out uncertain, but they came back strong to develop into an extremely devoted team. Led by captains Brendan Clarke and Brian Johnson the team finished the season with a record of 8-10. This season did not go without showing off its moments. The tremendous effort led the team to some upset wins over their opponents and a great win over rival Southbridge. This 79-63 win on the home court was seen as a highlight of the season.

The strong dedication and work of this team allowed them to secure a position in the Clark Tournament. This is one of the few times in the school's history to receive this honor. This highlighted game served as both a great experience and an honor for everyone that participated.

Coach Lucas remarks, " The team played great together and worked hard to improve. They stayed positive even with many close losses. It was a great bunch of kids and an exciting season."

We want to wish next year's team the best of luck. Even with the seniors moving on, the Warriors' spirit will always be present in this team.

GIRLS' BASKETBALL

The 1995-96 Girls' Varsity Basketball team gradually came alive as the season progressed. Adding some powerhouse teams to their schedule, the team didn't have the great 8-0 start they had last year. Ending the season with a 13-7 record, the team will enter Districts for the third straight year.

Led by senior co-captains Nicole Perron, Monica Talbot, and Melissa Palmer, the team had strong leadership and great support from juniors Monique and Michelle Chapdelaine. The team lost height and a great point guard from last year's graduating class, but filled in the pieces with speed and aggressiveness.

Paul shows off his long legs in the long jump.

TRACK & FIELD

Although the team was not large in numbers, they put their best foot forward and expressed a great deal of talent. Through their hard work and devotion Tantasqua was successful in attaining numerous border conference ribbons. A select number of athletes qualified to go on to the Coaches Invitational Track Meet, and also a Relay meet where a band of athletes took third place in the Relay javelin throw. The team looks forward to the upcoming season in hopes that it will be a successful one, enabling the team a shot at the border conference title.

The Tantasqua boys varsity track team was assisted by many of its members during the 1995 season. The team possessed a large number of veteran track and fielders and a few newcomers. The team was led by Nathan Marcucci, Brian Johnson, Colby Schaeffer, and Matt Gentile finishing with a season record of 4-5.

The girls track team is known for their record breaking meets. Even with the loss of eight seniors, the girls still pushed this season in order to follow the footsteps of the past year. The team was led by Monica Talbot.

BASEBALL

The Warrior baseball team won 6 out of their 14 games played this season. The mostly sophomore team does not have many big losses going into next season except for Charlie Vaida (who had a no-hitter). Chad Pearle was also a Border Conference All-Star and an important asset to the team. Dan Thompson provided power as a DH in the middle of the line-up. Ben Campbell was a threat on the base paths. Young infielders Justin Kenneway, Dave Donofrio, and Tim Gillian will return next year to try to provide a stronger defense. The team expects to have a very strong season next year.

SOFTBALL

The Warrior softball team won half of their games to clinch a spot in districts. The majority of the team being juniors, Coach Dube was not at all upset with their performance in his last of 32 years in athletics at Tantasqua. Michelle Chapdelaine, Kristin Parzych, and Melissa Palmer provided the team with a strong offense. Monique Chapdelaine gave opposing teams something to fear in an incredible performance behind the plate. Rachel Montross started the season on the mound and Debby Krans wound it up, with the rest of the team providing outstanding defense behind the pitchers. All but two of the girls will return next year for what they anticipate to be a very successful season.

BOY'S TENNIS

The 1995 Tantasqua Tennis Warriors enjoyed another incredible season! The Warriors defended their Border Conference Title fiercely, finishing a close second to Shepherd Hill with a regular season record of 12-7. The Warriors were led by Co-Captains Jason Hevey and Ted Goodwin, and seniors Jeremy Suprenant, Chris Ryan, and Andy Dunn.

But the real excitement occurred in the District playoffs. Tantasqua (seeded #6) shocked Doherty (seeded #2) in the second round of the playoffs with a thrilling 3-2 come-from-behind victory! The Warriors then crushed Milford in the semi-finals at home 5-0 to move on to the finals for the first time in school history. The Warriors put in a great effort against Algonquin in the finals, but lost 3-2, finishing the season with a record of 15-8. Coach Lucas credits the team's success to their hard work and the belief that anything was possible. ''Our goal was to improve every day, stay focused, make no excuses, play hard, and believe in ourselves.''

The team looks forward to the spring of 1996 season with many returning players: Dave MacAlpine, Chris Rea, Ted Walsh, Brian Raymond, Mike Stanton, Dan LaFleur, Brad Goodwin, Sean Lemerise, and Jim Timmins.

GIRLS' TENNIS

The girls' tennis team had a good season this spring. The team finished second in the Border Conference, had double victories over league rivals Shepherd Hill and Southbridge, and completed the regular season with 11 victories and 6 defeats. Unfortunately, the team, coached by Bill Emrich, lost to Marlboro in Post Season District play.

Alison Murawski and the doubles team of Juli Chiodetti and Ellen Perrault were elected to the Border Conference All-Star Team. Alison Murawski led singles play with 12 victories, and the Chiodetti/Perrault doubles team finished with 10 wins.

Jessica Dymon (10 wins) and Beth Suse (9 wins) in singles and the doubles combos of Lauren Paquin (9 wins) and Kara Kovitch (8 wins), with backup help from Michelle Barth, contributed a great deal to the team's success.

Other team members who made strong contributions were: Kylie Smith, Monique McGinn, Lindsay Roymans, Laura Millen, and a host of freshmen.

Beth whacks that ball.

GOLF

Tantasqua golfers completed their season with a record of 17-1 for the golf team's best record ever. The team repeated as Border Conference Champions and as Central Massachusetts Division I Champions. The team then went to Cape Cod in an attempt to defend their Division I State Championship. Their fifth place finish was very respectable.

Jason Colangione, Matt Drake, Ben O'Connell, and Jason Nelson played well during most of the season. Woody Tunstall, Matt Wszolek, Scott Baldracchi, John Anderson, and Matt Buffone provided the team with depth. All in all, this was one of the most successful seasons in the team's history.

Golf top row: Coach Keenan, Woody Tunstall, Matt Drake, Matt Wszolek, Scott Baldracchi, Jason Colangione *bottom row:* John Anderson, Jason Nelson, Ben O'Connell, Matt Buffone

How does it look from there, Matt?

6½	St. Peter's	2½
7	Auburn	2

Ben brings the club back for a whack

Matt Drake carefully putts the ball.

Coach Keenan tries to keep track of all those wins!

Jason and Scott love those clubs around the course.

Matt Buffone — casual as usual.

It's golf time — duh?

POLISH • THE GOLD

Activities

In order to truly polish the gold, students have the opportunity to participate in activities other than their classes. The activities offered range from community service groups to marching band to math team. For most of us, these activities are not only enjoyable, but they allow us to experience things that will enrich our lives and help make every person identify themselves. These activities help us decide our future interests as well as helping people of community and helping bring the students together. The students accomplished a great deal in athletics, academics, and fun. Whether they were recycling, cheering, or singing their hearts out, this year will leave us with a lot of memories.

"Skiing is swell with lots of snow."

Abby McLean

"I've had fun in chorus, but we need to work harder."

Chris Senseman

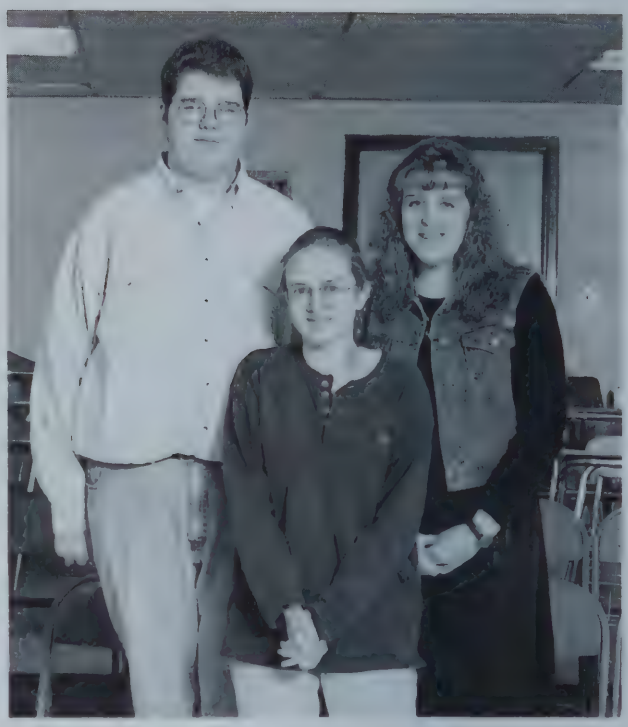
"What we have done this year was fun, but the memories will last us a lifetime."

Greg Niejadlik

ONE-ACT PLAYS

This year's One-Act play competition was a chance for some talented students to show what they can do by putting on some great performances and have a lot of fun at the same time. The One-Act play contest is a collection of one play from each of the sophomore, junior, and senior classes that must be prepared and performed to whoever wants to see them.

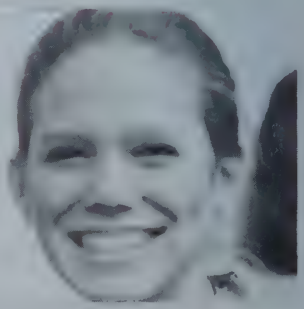
In addition to choosing the best play, awards are also given out to individual performers to recognize their achievements and participation. Bob Corry was awarded Best Supporting Actor for his role in the Senior comedy Drive-In. Best Actor, Dan Dionne and Best Supporting Actress, Crystal Collette starred in the Junior play, Almost the Bride of Dracula. This was a funny account of Dracula looking for a wife. Best Actress was Sophomore Katie Baron for her role as Susie, a suicidal teenager in a coma. She reflects upon her life in the dramatic, Girl in the Mirror which was awarded with the Best Play achievement. This play was also unique because it was the only play to have a student director, sophomore Sarah Carlson.



JUNIOR ONE-ACT PLAY
Dan Dionne, Martha Phillips, Crystal Collette

SOPHOMORE ONE-ACT PLAY
top row: Sarah Montross, Joy Crist, Katie St. Germaine, Bill Simpson *middle row:* Kim Heagney, Lisa Hanie, Matt St. Germaine, Jess Holl *bottom row:* Sarah Carlson, Michelle Miers, Susie Carpenter, Katie Barron

SENIOR ONE-ACT PLAY
top row: Bob Corry, Tom Porter, Eric Menyhart, Tim Volpe *bottom row:* Adam Halterman, Melanie Mulcahy, Kari Carroll



NATIONAL HONOR SOCIETY

The National Honor Society has a distinguished name, but its members do much more than just be honorable. NHS' aim is to provide service to the community and the school. The members of NHS organize many things to help people in both the school and the community, such as tutoring students or helping with a local food drive. Members are required to participate in one group project a year, but the majority of them are constantly involved in multiple activities.

Getting into the National Honor Society is no easy feat. To become and stay a member, a student must maintain an unweighted 3.3 GPA, as well as participate in two individual service projects each year. It is up to each member to decide how he or she will fulfill these requirements. The National Honor Society is a club made to recognize students commited to excellence in grades and the community.

THOMAS JEFFERSON FORUM

top row: Marc Garand, Kristin Wilmarth, Michelle Miers, Steve Marcucci, Molly O'Connell, Julie Mina, Jill Flynn, Sarah Meacham, Amy Green, Kristy Downing, Bill Chiodetti *second row:* Katie Barron, Regina Fife, Celia Proulx, Jess Holl, Greg Niejadlik, Brieta Goodwin, Jamie Faucher, Kim Heagney, Stephanie Looney, Katie St. Germaine, Kathy Ferguson *third row:* Erica Corry, Susie Carpenter, Sarah Montross, Ariana Berns, Bill Simpson, Nick Constantinou, Michelle Barth, Jen LaFleur, Brendan Clarke, Jessi Reyes, Nicole Theodoropoulos, Lauren Paquin, Eric Menyhart, Abby McLean *bottom row:* Brie Burdon, Sarah Carlson, Jessica Schmid, Jessica Jokinen, Amanda Kopacz, Sarah Bolduc, Alison Murawski, Debby Krans, Kara Kovitch, Melanie Mulcahy, Mark Abair

PEER COUNSELORS

Peer Counselors are students who offer their time to help with schoolmates. If a student has a problem, needs advice, or just wants to talk, the peer counselors are available. To make an appointment with a peer counselor, see you guidance counselor.

As freshmen, interested students write a personal essay and are interviewed for the position. Thirteen people are chosen and work as counselors throughout high school. As peer counselors, the students attend meetings, speeches, and classes on subjects like organization, counseling, and stress management. They do so to be better at helping their peers with problems.

The peer counselors' goals are to be there to help people and to help make the school a more supportive place to attend. They deserve recognition and admiration.

HOMECOMING COMMITTEE

top row: Jen Lavallee, Brendan Clarke, Alison Randall, Kylie Smith, Debby Krans *middle row:* Danyell Stevens, Meghan Coache, Kim Heagney, Jen LaFleur, Nicole Miles, Alison Murawski, Rebecca Flynn *bottom row:* Erin Garceau, Melanie Mulcahy, Monique McGinn, Lauren Paquin, Kara Kovitch

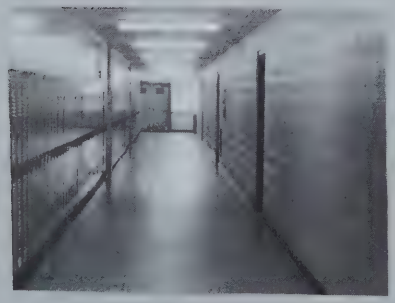
Juli Chiodetti, Kyle St. Laurent, Debby Krans, Brad Green, Kara Kovitch



JUNIOR CLASS OFFICERS
Chris Calef, Lindsay Roymans, Cara Grubert, Kathy Ferguson, Abby McLean

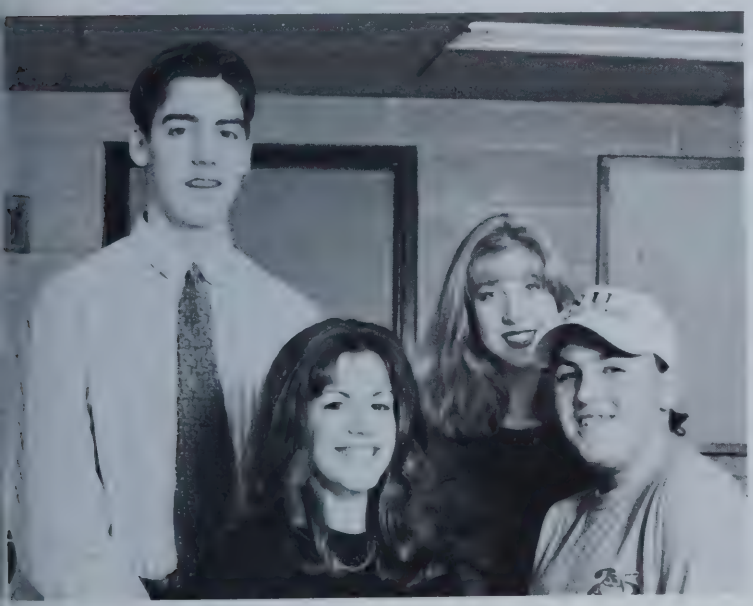
MOCK TRIAL

Many students from Tantasqua look forward to leading successful careers in law after leaving school. Mock Trial gives these students a chance to experience first hand this exciting career.

Organized by Judy McDonald, the Mock Trial team retries actual court cases. Each member plays their own part in the trial. Some people take on the roles of different witnesses, while the remainder of the team are attorneys. These attorneys are required to present an examination of original questions to one witness during the competition.

The Mock Trial team travels to courthouses throughout the county for each individual competition. Here, they try their case in front of an official of the court. It is this official that judges the team's performance based upon the proof presented in the testimonies, and also the poise and behavior displayed in the courtroom.

This year, the Mock Trial team tries a case of alleged sexual harassment. Through the course of the competition, the team will side with both the plaintiff and the defense. On both sides of the case we wish them the best of luck, especially those students who plan to continue in the field of law.



SOPHOMORE CLASS OFFICERS
Bill Chiodetti, Jen Berwick, Julie Mina, Ryan Servant

MOCK TRIAL
top row: Vineta Sullivan, Amy Cadoret, Alisha Frykenberg , Nicole Daigle, Sarah Bolduc, Tristan Walsh *middle row:* Trisha Towns, Amy Hunkins, Kari Carroll, Aimee Bouchard *bottom row:* Amanda Kopacz, Jessica Jokinen, Danyell Stevens, Carrie Morse, Synda Mahan

IN-LINE HOCKEY

Every Monday, Wednesday, and occasionally on Friday mornings at quarter of six, Mr. Heistand, Mr. Casaceli, and many other teachers and students, meet in the high school gym to play in-line skating hockey.

The game is competitive and fun. We wear helmets with cages, knee pads, shin guards, and gloves. It is definitely a contact sport. Girl, guy, or teacher, you check someone, you'll get smacked back.

Andy "Swiss Cheese" Volpe and Jessup "Red" Ross are usually our goalies. Sometimes they try to be funny and take a face off and then run back to their goal.

Aaron Banford and Chris Calef seem to always be fighting each other for the ball; of course, they are on opposite teams. Sometimes it's in a corner and sometimes it's in the middle of the floor.

Another great pair that work together well and were once players of the week are Mr. Foley and Mr. Cote. This dynamic duo are both from the Junior High. This just goes to show a wide variety of people do come.

While the world sleeps, THE GAME goes on.

FITNESS CLUB

top row: Jeff LaForce, Warren Kenniston, Eric Dodge, Justin Holstrom *middle row* Mike Sear, Dave MacAlpine, Jesse Reyes, Brendan Clarke, Mike Koprowski *bottom row:* . Jeff Gentile, Brad Green, Bill Chiodetti, Al Letendre

113 Main Street
Sturbridge, MA 01566
(508) 347-7177

Tracy,

Your positive attitude, ability to adjust, you knack for listening, your honesty, and hard work ethics and persistence at anything you attempt, all make us so very proud. But, most of all, your forsight to distinguish right from wrong and your determination to pursue the right path is a tremendous strength you possess. We urge you to continue to use these strengths as you choose your way in life.

Raising you has been one of our greatest joys in life. Thank you for being such a wonderful daughter.

We Love and Respect You,
Mom and Dad

Country
Bank

Melanie,
Congratulations!
We know you will succeed in whatever you do in life.
Happiness and success!
Love
Mom, Jan, Mike, and Lynn

Melony McNeaney,
Congratulations and Good Luck in everything you do.
We love you!
And are proud of you!
Love,
Mom, Mike, David, Michael, and SHEBA

Best Friends Then

Best Friends Now

Always my pride and joy.

Love, Mom

Adam,
From your first school picture to your Senior picture, you have made us smile, you have made us think, and you have made us proud.
Much Love,
Mom, Dad, Lisa, & Joel

CONGRATULATIONS

Jessica and Melissa

Love, Gram and Gramp

Oh Sissy Bean . . .
The places you'll go!
Love Mom, Dad, Bill
Charlie & Henry

P.S. You can exhale now!

Dear Jess,

You didn't always listen to what we had to say, but we hope you're listening now so you'll hear how much we love you, and how proud we are to call you are daughter!

Love
Dad and Cheryl

Matt,

Congratulations on all your hard work. We are very proud of you. You are very special.

Love
Dad, Mom, Chris, and Tiger

What is happiness
It's sharing everyday affairs
With the ones who understand
and care,
It's a smile of welcome when
you are blue
A dream that's shared
A dream for you.

Jennifer
For who you have been
For who you are
For who you will be
Thank you
Love, Mom, Dad, and John

Congratulations Kristy we are very proud of you.

Love,
Mom and Daddy

Kathryn Lebow '96

CONGRATULATIONS!
We are proud of you.

Love,
Mom and Dad
John '89 and Matthew '93

Meghan,

I can remember this day as if it was yesterday. You'll always be my little girl.

Love, Dad

I knew from that day your love for dance. You're special!

Love, Mom

Jen,

Always remember the nagging we did all throughout the years. We don't regret any of it. Best of all, someday you will also be nagging your children just like we did to you.

Love Always, Mom and Tracy

It was a good Friday the day you were born. Our only wish for you today is that you find as much happiness as you have given us over the years.

Follow your dreams.

Love, Mom and Dad

You've come a long way babies!! Just look at you now!!

Love Mom and Dad

Melissa,

You are every parents dream--loving, caring, and kind. We are proud to claim you as our daughter. Congratulations! We love you!

Mom, Dad, and Chrissy

Warrior Spirit

Congratulations Class of 1996

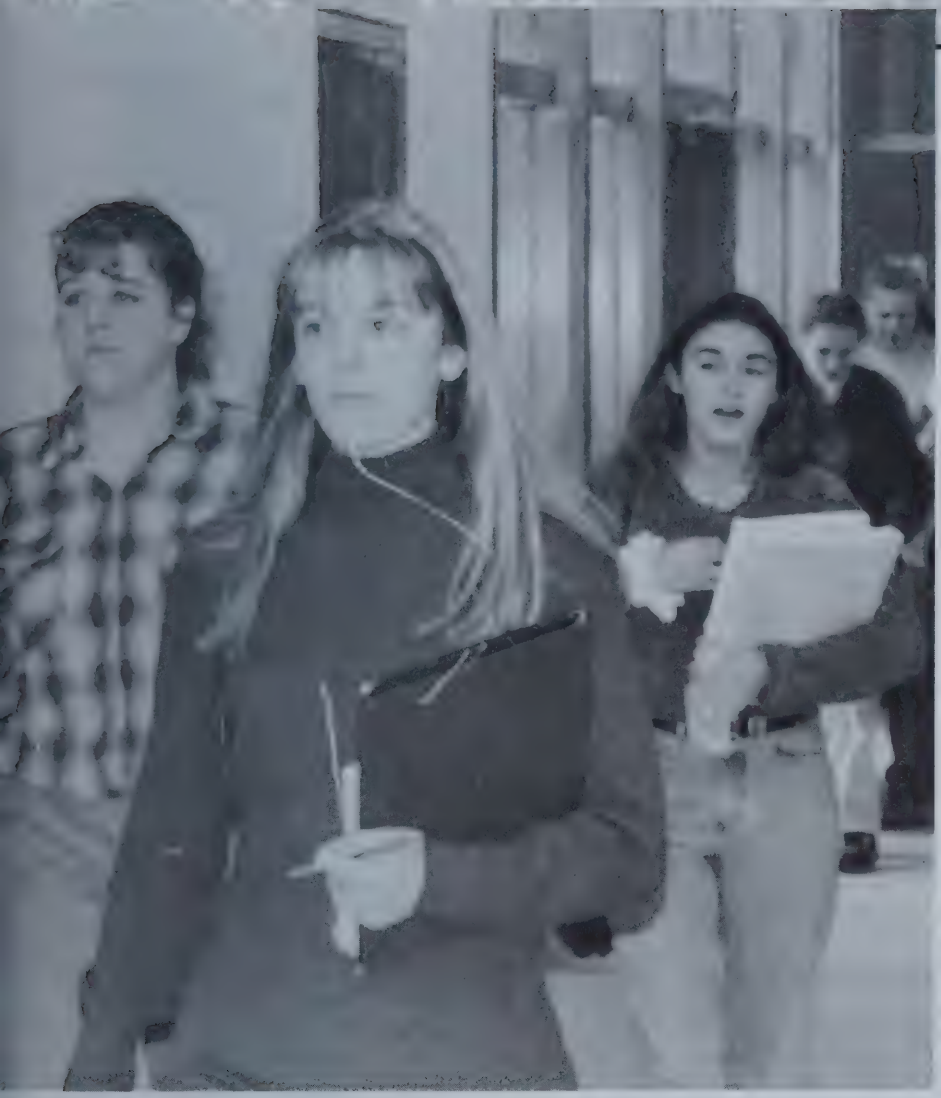
"There is a time and a place for everything, now is my time, this was my place."

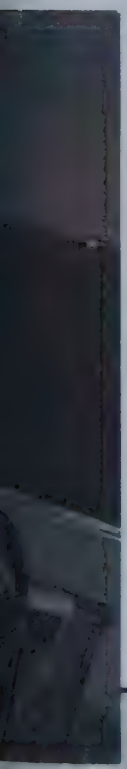
POLISH • THE GOLD

Closing

The students at Tantasqua realize that this is the time for making the most important decisions of a lifetime. As the seniors go their separate ways, leaving the juniors as the head of the school and the sophomores right behind them, everyone will look back at Tantasqua and remember all the support that was offered to the great green and gold.

The teachers and students have always blended well, always representing the best interest of the students. In working together, we can achieve today's goals, which will lead us to whatever may be in store for our futures. These decisions, and how we have chosen to handle them, are the first reflections for instructing us to a lifetime of happiness, prosperity, and lifelong friendships. We will remember our days at Tantasqua with smiles as we remember the memories we all have contributed to this school. We wish the best for the future, good luck always.





Editor's Page

It has been a wonderful year and an experience I will always remember. The production of this yearbook has had its ups and downs, but it has also been a very rewarding experience. All of the late nights and early mornings and the stress were hard. However, even with the difficult times, it was worth it to see the final product, and I hope that everyone else enjoys reading it as much as I enjoyed putting the pictures and memories together. When you pick up the book you see everything for the first time, but I have seen each page take shape from lines on paper to the final product it has become.

First, I would like to thank Mr. Newton, a great advisor, for his support throughout the production of this book. I would like to thank Mr. Carrier, my yearbook representative for his flexibility and understanding in the trials of deadlines. I would also like to thank my entire staff for all of their help, only with your help would this book have become what it has. I would also like to give a special thanks to those who went beyond what was required to help: Eric, for his ability to accept last minute photo assignments; Michelle, for her willing to work wherever it was needed without complaining; Kari, for her wonderful job with the advertisements and the bookkeeping; Jen, for her help in the transition and questions. Abby, you were a great assistant editor, and I hope that you continue the spirit next year — Good Luck, you are going to need it.

Secondly, I would like to thank my family for their patience and understanding with my late night deadline sessions. Mom, you can finally have your house back. I would also like to thank anyone who was willing to help me in my hours of need.

Producing this yearbook has been a rewarding and learning experience that has taught me a lot. Throughout the process the work has helped me to grow as a person as well as helped me prepare to move on to the next step of my life. As I am moving on, my memories of high school will always be with me. I wish the class of 1996 the best of luck and happiness in the years to come. I have known most of you since junior high and since that time we have all helped to polish the gold of our school and ourselves. Over the years our friendships have become stronger and our memories have become more vivid, but as we move on, we should try to stay in touch so we can build on these memories more.

Congratulations Class of 1996
Gregory Niejadlik
Editor-in-Chief, 1996
